STEAK
SHACK

New York, The Big Apple. Broadway. Times Square.
To us, New York City is the food capital of the world and the inspiration that gave birth to NY Steak Shack.

Inspired by the lively and multicultural city of lights, NY Steak Shack is a homegrown Malaysian brand created by two local entrepreneurs who had a dream of offering affordable and delicious steaks to consumers as opposed to the typical restaurants and 'steakhouses' that were perceived as offering only 'premium' steaks.

Often regarded as the epicentre of America's multiculturalism, New York City is home to hundreds of different cultures which makes the city so lively and special. Given the vast array of food choices, NY Steak Shack's aim was to bring the flavours, taste and ambience of NYC to life in its food, menu options and settings.

The first NY Steak Shack restaurant opened in July 2014. Since then, we have grown our presence rapidly in the country. Here at NY Steak Shack, we carry on this proud heritage with a unique take on our signature sizzling steaks, burgers and shakes. We minimize the used of pre-made ingredients, choosing instead to use fresh produce as much as possible. It takes more time and effort, but you are worth it. Peruse our menu. Satisfy your desires. Once you order it, we will prepare it fresh for you. NY Steak Shack, inspired by New York City
